Transforming Lives in the Bay Area

- Accompaniment training for congregations to build relationships and support newly arrived immigrants and those threatened by deportation.
- Interfaith Immigration Vigils: Mobilizing congregations to lead public witness and prophetic action with impacted communities.
- Advocating A Vision: Growing a network of faith advocates to address root causes and demand human beings be at the center of policy making.

We Believe in the Power of Congregations

Embody Faith Values

With your congregation, we are constructing new ways to embody our faith values of radical inclusion, solidarity, and care by supporting those on the front lines of racist immigration and criminalization policies.

Together we help catalyze people of faith to stand up against unjust policies and bring their prophetic vision and moral voice to the movement. We build capacities to make a difference.

Catalyst for Social Justice

Sustaining Hope

Your congregation helps sustain hope in the midst of despair. Together we provide the spiritual nourishment to those who most need it and sustain justice work for the long term.
